This document is signed with esignatur. Embedded in the document is the original agreement document and a signed data object for each signatory. The signed data object contains a mathematical hash value calculated from the original agreement document, which secures that the signatures is related to precisely this document only. Prove for the originality and validity of signatures can always be lifted as legal evidence.

The document is locked for changes and all cryptographic signature certificates are embedded in this PDF. The signatures therefore comply with all public recommendations and laws for digital signatures. With esignatur's solution, it is ensured that all European laws are respected in relation to sensitive information and valid digital signatures.
